Kentucky's Monument to Fallen
Heroes at Chattanooga.

Unveiled By the Governor's
Daughter With Formal
Ceremonies.

Chattanooga, May 3.—The beautiful monument erected by the state of Kentucky in Chickamauga Park was dedicated this afternoon with imposing ceremonies. At noon Gov. Bradley and his staff and other prominent Kentuckians left the city for the Park, and promptly at 2 o'clock the exercises began. The preliminary portion of the programme consisted of music—one of the numbers being "My Old Kentucky Home"—and an impressive invocation. Maj. Thomas H. Hays, of the Kentucky Commission, in an eloquent address then formally tendered the monument to Gov. Bradley.

Following this address Miss Christine Bradley, the Governor's beautiful daughter, gracefully unveiled the shaft. Gov. Bradley next formally accepted the monument and transferred it to the government.

CUT WORM PLAGUE.

Acres of Corn Being Cut by These
Pests.

Cut worms are playing havoc with the young corn in some sections of the county. Some fields have been almost destroyed by the pests and in a few cases the entire crops will have to be laid off and replanted.

Continued warm weather, however, would have the effect of cutting short the destructive work of these insects.

New Member Installed.

The board of asylum commissioners held their regular monthly meeting Tuesday, when Mr. Gabe L. Campbell, the new member, was installed. There was no other business of special importance.

WANTED TO DIE.

Neely Lewis, of Crofton Takes a
Big Dose of Laudanum.

Tired of Life Because He Had No
Friends Who Cared
For Him.

Neely Lewis, a well known young man of the Crofton neighborhood, attempted to take his own life Monday. He swallowed a large dose of laudanum and it was with the greatest difficulty that he was aroused from the stupor two hours after swallowing the drug.

Young Lewis is the son of the late James Lewis, and since the death of his parents has been making his home with Mr. Thomas Davenport, his cousin. Mr. Davenport and his wife left home for a short while Monday and when they returned they found Lewis asleep in bed and breathing with great difficulty. A vial containing laudanum was near the bed, and Mr. Davenport at once suspected the young man of having taken some of the poison. Before swallowing the drug Lewis wrote a note and placed it on the door, in which he stated that he had no friends and that no one cared for him, and told them goodbye. After being aroused from the stupor it is reported that he said that "they had just as well let him alone," as he was going anyway. He is about 21 years old.

ASK \$1,000 DAMAGES.

Claims He Called the "Con," and
Begged Him to Stop.

Mr. A. H. Harris, of Oak Grove, has filed suit against the L. & N. for \$1,000 damages. He alleges that one day in April he was informed that his sister was at the point of death in Todd county and went to Oak Grove to take the train. He claims that the train passed the station without stopping, notwithstanding his entreaties to the conductor to stop, that he might take passage, and that as a consequence he endured great mental anxiety.

KILLED HER BABY.

A Woman Arrested in Davess
County for a Terrible Crime.

Owensboro, Ky., May 2.—Ella Harralson, colored, is charged with killing her 20-months-old child in this county Sunday afternoon by crushing the baby's skull. She was arrested and brought to this city and lodged in jail. The feeling in the community where the crime was committed is said to be strong against the woman. The woman is thought by many to be crazy. No excuse was given for the murder.

SNUB FOR PERRY.

His New Wife Will Not Be Received Into Lexington Society.

Lexington, Ky., May 3.—Mr. and Mrs. Perry Belmont are expected here to-night in their private car over the Chesapeake and Ohio. They come to look over Mr. Belmont's thoroughbreds, quartered at Hal, P. Headley's Beaumont farm. Mrs. Headley, formerly Miss Annie Lee Byrne, and a leader in Lexington society, will not entertain them.

SUGAR TRUST.

Turns The Screw on The Public
Thumb.

New York, May 3.—The American Sugar Refining Company today advanced the price of all refined sugars sold by it 1/2 cent per pound. Standard granulated was thus placed at 5 1/2 cents, against 5 1/4 cents yesterday, and 5 1/2 cents a month ago. The move was quickly followed by all independent refiners.

BLOWN TO ETERNITY

A Terrific Explosion Destroys
McKnight's Sawmill.

TWO MEN KILLED INSTANTLY AND TWO
OTHERS FEARFULLY INJURED.

PARTICULARS OF THE HORRIBLE AFFAIR.

DEAD.

Barrett E. McKnight, aged 35.
Effie McKnight, aged 32.

INJURED.

T. T. McKnight, Jr., arm
blown off and hurt internally.
John White, both legs broken.
Eph. Ausbrook, cut on head.
Richard Davis, slightly.
Jim Sewell, slightly.

Crofton, Ky., May 4.—At 7 o'clock this morning a terrible explosion occurred at McKnight's sawmill, a few miles west of this place.

Two men were instantly killed and two others horribly mangled, with broken limbs, and scalded by the escaping steam.

The dead men are Barrett E. McKnight, owner of the sawmill, a young man about 35 years of age, and his brother, "Ellie" McKnight, a few years younger. The injured are T. T. McKnight, Jr., another brother about 22 years old, whose hand and arm were so badly mangled that amputation will be necessary, and John White, a workman in the mill, who had both legs broken.

The explosion was caused by an unsufficiency of water in the boiler and came without a moment's warning.

It caught the three brothers and White standing close about the mill and the two who were killed hardly knew what hit them. The survivors, maimed and scalded with hot water, barely escaped with their lives.

The report from the explosion was like a cannon and was heard for miles around. Parties nearest to the mill at once ran to the scene and the dead were removed and the disabled taken in charge.

The McKnight brothers were sons of the late James McKnight, and nephews of T. T. McKnight, Sr., of near Crofton, and J. J. C. McKnight, of Howell. Barrett was a thrifty and energetic young fellow and had been operating sawmills all of his life. He owned about 700 acres of timber lands in North Christian and did a big lumber surgical aid to the mangled men.

SCHOOL ELECTION.

Two Trustees are to Be Chosen
Saturday.

The annual election of school trustees for the Hopkinsville Public Schools will occur to-morrow.

The two trustees whose terms have expired are J. E. McPherson and W. H. Faxon. Both gentlemen are candidates for re-election.

Mr. W. A. Long is also a candidate and Dr. B. F. Eager authorizes the announcement that he is in the hands of his friends and will serve if elected. There are no special issues, political or otherwise, and each candidate is running on his "good looks and popularity."

The old board members are running together, and the other candidates are making the race each upon his own merits. The election

business. His two younger brothers were associated with him in the business. John White, the workman who was injured, was formerly a peddler in a small way, and lived in the neighborhood.

Drs. Loran and Williams, of Crofton, were summoned and went at once to the scene and rendered

The injuries to T. T. McKnight are liable to prove fatal. In addition to the mangled arm he is very badly hurt internally and is spitting up blood. The latest report yesterday afternoon was that there was but little hope of his recovery.

T. T. McKnight and White were on top of the boiler shed, over the boiler, and were blown up into the air nearly forty feet and the wonder is that they escaped alive.

Besides the four men mentioned above three others were more or less injured.

Eph Ausbrook was hit on the head by flying debris and his scalp cut, but he was not disabled. Jim Sewell and Richard Davis were slightly injured in the same way, being more or less bruised.

The boiler had been started up at 5 o'clock by Barrett McKnight. About 7 o'clock he noticed the water was low and turned in more cold water. There was a splutter inside the boiler followed by a terrific tearing loose. Barrett and Effie were close together. The first was blown 100 feet from where he was standing. His bowels were torn out and scattered along the way. His left leg was torn from his body and carried 50 feet further on.

Effie was carried through the air and his neck snapped like a reed in the wind. He was not mangled. The shed with the other two men was raised up and scattered to the winds.

The boiler was hurled through the air and 150 feet away struck a hickory tree as large as a man's leg and cut it off 30 feet from the ground as smooth as a knife.

The mill itself was utterly demolished, the property loss being about \$1,000.

Barrett and Effie McKnight were unmarried. T. T. McKnight and John White are married. The former was married about one month ago to a Miss Ely, of the same neighborhood.

The coroner left for the scene yesterday afternoon to hold inquests over the dead bodies.

will occur at the City Court room and only white voters will participate.

The council will appoint officers to-night to conduct the election.

BOB LINCOLN BUYS IT.

The Birth Place of Abe Lincoln
Said To Have Been Sold to
His Son.

It is reported at Hodgenville that the recent purchase of Mr. David Crear, of New York, from A. W. Hargett, of the farm on which Abraham Lincoln was born, was made in the interest of Robert T. Lincoln.

There are reports to the effect that Mr. Lincoln has the co-operation of several Northern and Eastern capitalists in his efforts to have a home for the surviving soldiers of the Civil War erected on the old Lincoln farm.

The historical old log cabin in which the President was born, and which was later taken to Nashville during the Centennial Exposition in 1897, may in the near future be brought back to the farm from New York, where it was taken at the close of the centennial.—New Haven Echo.

Chicago Birds Win the Cocking
Main.

Baltimore, April 28.—The big cocking main between birds of Chicago and Providence, R. I., which was pulled off here early to-day, resulted in favor of the Western contingent by a score of seven fights to eight. The conditions were fifteen contests at \$100 each, with \$1,000 on the main itself.

What We Do.

We don't keep goods in stock. We don't hire any clerks. We don't pay any insurance. We pay but very little rent and but a small amount of taxes. But we will buy and deliver to you any purchasable article in existence cheaper than you can get it elsewhere for the very reason above enumerated. Of course if we carried a large stock and had heavy expenses, we would have to make big profits too. But as we buy direct from the factories and have our goods sold before we order them, we are enabled to undersell those whose expenses are necessarily great.

In undertaking this business we are confident that a great cry of "Patronize home industry" will go up from those who must of necessity sell higher.

Don't be deceived. Ours is a home industry too. We send no money away for goods than they do, but we divide the profits with you, so that you can patronize us. Below we give a few of our prices:

SEWING MACHINES \$7.50, \$10, \$12, \$15, \$20, \$25, \$30 and up.
ONIONS \$30, \$35, \$40 and up.
PUMPS \$175, \$200, \$225, \$250, etc.

BICYCLES—Cheap grade \$17.50, medium grade \$25.00, high grade \$40.00. We sell more than a dozen brands of bicycles.

ILLINOIS CENTRAL.

More Talk of the Proposed Road to Nashville.

New York, April 30.—President Fish, of the Illinois Central, has finished an inspection trip over the Peoria, Decatur and Evansville, and it is understood that the Central is now negotiating for the purchase of the Peoria, Decatur and Evansville, and will be running trains from Chicago to Evansville by Jan. 1. The plan is to reach Princeton, Ky., and build from Hopkinsville. The new line to Nashville would provide another competing north and south line and enable the Illinois Central to compete for business now monopolized by the Evansville route. With the Peoria, Decatur and Evansville, a northern outlet would be had for Evansville business.

GREEN'S TESTS SUCCESSFUL.

Telegraphed Without Wires at a Distance of a Mile and a Half on Water.

Chicago, April 23.—Prof. Jerome J. Green continued his experiments in wireless telegraphy to-day with uniform success. He sent signals from the life-saving station to a distance of a mile and a half. At every intervening point between that and the shore the dots came distinctly and regularly in response to signals whistled from the boat to his assistant at the sending station. As the crowing feat of the day, the relay on the tug gave out in succession the letters which form the name of the great discoverer, "Marconi."

Non-Treating Club.

"When you want a drink, take it, and don't imagine you will offend any one by not asking eight or ten to join you!" says the New York World.

This is the chief maxim of the "Non-Treating Club," an organization which, although only six months old, possesses a membership of over sixty thousand.

The particularly brilliant feat connected with this club which first appeals to the average man is its glorious possibilities for economy. Total abstinence is not required by this convenient pledge—merely a promise "not to treat."

As the little circular accompanying the button which is the badge of membership states, "the treating habit, as every man in the world knows, is increasing rather than decreasing, and is responsible for the making of many drunkards."

"Have one with me" is a phrase that many a man has used because of the desire not to appear small and conform to the usages of drinking men, and is frequently accepted more to avoid discussion and not to give offense than because the beverage is desired."

The custom which is being fought against is that one which entails every man of a group of eight or ten treating the others, so that the result is that each individual partakes of eight or ten drinks, which, presumably, is a larger quantity than he desires, and certainly is more than is good for him.

As nearly as the layman can get at it the object of the society is to accept a drink if it is offered, but not to feel under any obligation to pay it back. A view of the mystic button displayed at the critical moment when the drink is "on you," obviates any obligation on your part.

Naturally thousands have rushed to avail themselves of these peculiar privileges. The society was organized in Chicago September 5, 1898, under the direction of E. T. Monett, who is the President.

The New York State Branch is in charge of J. F. Reese, No. 168 West One Hundred and Thirty-fifth street, New York. All inquiries are referred to that address.

The great English preacher, George Whitfield, was the son of an innkeeper at Gloucester.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism.

"I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles."

Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. Gen. Miles resents the unfairness of the beef contract investigation and will likely ask congress to go behind the whitewash of the board of inquiry and investigate the whole scandal. Gen. Miles claims that 336 of his material witnesses were not subpoenaed at all, out of a total of 440 whose names he furnished. It was clearly the intention of the packed board from the first to suppress the real facts, but as it was enough was shown to convince the reading public that the investigation was a farce and the report a misrepresentation of the actual facts unintentionally brought out.

Every woman in the Independence Avenue Methodist church, Kansas City, removed her hat Sunday night before services began. A male member wrote a communication to one of the city papers, protesting against the hats, and the Ladies Aid Society took the matter up, and, after long discussion, decided that the hats should be removed. The reform was to be inaugurated Easter morning, but the women backed down. The men were mean enough to say that it was because of the new bonnets. Sunday night a leading member of the congregation, as soon as she was escorted to her pew, ostentatiously removed her hat. Almost instantly every member of the Ladies' Aid Society present followed her example, and in a few moments all the other women did the same.

The heavy loss sustained by the farmers of Daviess county from impassable roads during the past winter has caused the Fiscal Court of the county to investigate the cost of stoneroads. This investigation is now in progress and is the first step in a work which, if properly carried out, will establish Daviess in the position to which, she is justly entitled as one of the most intelligent and progressive counties in Kentucky.

Col. Fred Funston, the little Kansas volunteer, who won the fight at Calumet, has been made a Brigadier General for his bravery. This will be universally approved, but something ought also to be done for Kelly and Twombly, the two privates, who swam the river under the fire of the enemy and fastened a rope to the opposite bank, establishing the line that enabled Funston and his men to cross on a raft and get at the Filipinos.

The Louisville Post has drawn its "support" from Gen. Hardin, giving as the reason that Hardin's home county nominated McChord for Railroad Commissioner. The Post does Gen. Hardin an injustice. An obstreperous delegation from Mercer county knocked out Alexander's Louisville friends and gave McChord the nomination.

The Missouri legislature is making it hot for the trusts. Since Attorney General Griggs announced that the States must deal with the trust evil, nearly all of the Democratic States have begun the work of suppressing the unlawful combinations.

Hon. G. W. Hickman, of McLean, announces that he will, in the event of his election, be a candidate for Speaker of the next House. He is one of the brainiest young Democrats in the State and Western Kentucky will be proud to back him for the position he seeks.

Editor Pulitzer, of the New York World, is in London and says Bryan will be renominated next year by the Democrats. If there is a Democrat in the United States who thinks otherwise he has not been located.

Chairman Jones is going to Europe for his health and committee man M. G. Johnson, of Kansas, will temporarily act as chairman of the Democratic national committee.

The race for Speaker is rapidly narrowing down to a contest between the East and the West, with Sherman, of New York, and Hopkins, of Illinois, as the contending candidates.

Twenty-eight of the one hundred Democratic nominees for representative have already been selected. Some of those who bolted the last caucus have been renominated.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"Evil Dispositions Are Early Shown."

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla. In older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, a general bad feeling.

It is the blood, the impure blood, which is the real cause. Purify that with Hood's Sarsaparilla and happiness will reign in your family. **Blood Poison**—"I lived in a bed of fire for years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals in vain. I tried Hood's Sarsaparilla. It helped. I kept at it and was entirely cured. I could go on the house top and about about it." Mrs. J. T. Williams, Carbondale, Pa.

Scrofula Sores—"My baby at two months had scrofula sores on cheek and arm. Local applications and physicians' medicine did little or no good. Hood's Sarsaparilla cured him permanently. He is now four, with smooth fair skin." Mrs. S. S. Warren, Farmington, Del.

READ THIS.

Covington, Ga., July 23, 1898.
This is to certify that I have used Dr. Hall's Great Discovery for Rheumatism, Kidney and Bladder Troubles, and will say that it is far superior to any thing I have ever used for the above complaints. Very respectfully,
J. H. BROWN.

Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick-dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention on the Hopkinsville Kentuckian and write to Dr. Kilmer & Co., Birmingham, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

School Closes.

HIS LAST DRINK.

Uncle Monroe Cannon Drowned In a Spring.

Fell Headforemost Into The Water While Stooping Over To Drink.

The dead body of "Uncle" Monroe Cannon, an old man in his 84th year, was found in a spring near Fruit Hill Wednesday. He had been missing since Monday, and probably met his death that day.

Mr. Cannon lived a few miles from Crofton but had for some days been visiting one of his sons near Fruit Hill. He was old and feeble, but able to walk about with the aid of a cane. He walked out every day unattended. On last Monday he left the house without letting the family of his son know where he was going and was never seen alive again. When he did not return at the usual hour it was not thought of seriously, as he was in the habit of dropping in at the houses of the neighbors. When he still did not return his son instituted a search, but nothing could be heard of the old man until Wednesday, when a searching party found his corpse as above stated. He had evidently been dead a day or two. His cane was sticking in the mud of the little spring branch and the old man was lying flat on his stomach with his face in the water of the spring. He had evidently knelt down to quench his thirst while walking in the woods and falling forward on his face was strangled in the shallow water of the spring. How this happened will of course never be known.

The old gentleman was a well-known citizen of the Northern portion of the county, the head of a large and respectable family. He leaves three grown sons and three daughters and a large number of grand-children.

He was exceedingly popular with his associates and his parents have the sympathy of a large circle of friends in their bereavement. The remains were brought to this city and laid to rest in Hopewell cemetery Wednesday morning.

The loss will foot up probably \$2,500. He had \$1,000 insurance with J. M. Higgins & Son, of this city.

FOR BLOOD AND NERVES.

Greatest of all Spring Remedies—Paine's Celery Compound.

It makes new blood, and new nerve tissues. A few steps to most any neighbor will tell you the plain truth about the amazing results that have followed its use. Paine's celery compound is so far above any other spring medicine in its strengthening, nerve-restoring, blood-making, health-giving, lasting effects that it has no competitor. The old "cures" one by one, in the last few years have dropped by the way, until today the sales of Paine's celery compound in every civilized country are larger than those of all other spring remedies of all kinds combined. Paine's celery compound is the only spring medicine endorsed by physicians—because it is the only known remedy, that for all run-down conditions of the nerves, brain, and tissues, and for purifying the blood (especially in the spring when the body is most amenable to improvement) has never yet failed! In the spring take Paine's celery compound.

This is the refrigerator of which Mrs. Rorer says—"You can put in it anything that has an odor, together with milk and butter, leaving the two latter in open vessels without contamination." Hence its name,

THE 'ODOR-LESS'

It needs no weekly scrubbing and scalding and it saves ice. In the end it costs less than so-called refrigerators that are sold for less money.
